

FOR WORLD WIDE PARTNERS

Schloss Johannisberg

50° RIESLING

The 50th degree of latitude runs right through the middle of this unique region, marking one of the northernmost borders of viable viticulture. In honor of this, the Schloss Johannisberg wine estate has created a Riesling cuvée that embodies what one expects of a Rheingau Riesling.

50° RIESLING

The nose is clean with generous aromas of ripe grapefruit, peach and apricot. Fresh on the palate, fruit driven with clear lemon acidity and pure mineral notes. Alcohol: 12,0% / Residual sugar: 8,3 g/l

SCHLOSS JOHANNISBERG

From the world's finest late harvest to a modern classic: Schloss Johannisberg is located in the heart of the Rheingau winegrowing area, a landscape blessed both in terms of climate and soil. In this region the Riesling grape has been exclusively cultivated for over 275 years. The worldwide Riesling renaissance has certainly added momentum to the rise of Schloss Johannisberg wines. Yet their extraordinary success is due mainly to unique climatic and geological conditions, as well as the estate's dedicated staff. Vineyard and cellar procedures decisively contribute to wine quality – together with controlled and selective hand harvesting, whole cluster pressing, slow fermentation using the wine estate's own yeast culture, extended lees contact and late bottling. All of these factors, natural and human, result in wines that are second to none in the world.

Schloss Johannisberg Riesling has won prestigious awards, among which is the title "International Winery of the Year" by the Wine And Spirits Magazine for the years 2009 and 2010.

GREEN LABEL RIESLING – MOSEL

A brisk, dry Riesling with a delicate fruity taste, evokes fresh apples and minerals deriving from the Blue Devon slate, the vine grows in the cool Mosel valley. The ideal combination of the handpicked Riesling grapes, the soil and the climate, paired with modern wine making techniques reflect today's expectations in light wine drinking enjoyment.

Alcohol: 10,0 % vol. / Residual sugar: 30 g/l

PIESPORTER RIESLING – MOSEL

A wine of grace and breed from the famous town of Piesport on the Mosel. The vineyards are covered with crumbled slate that deteriorates, constantly fertilizing the soil. A taste of minerals paired with Riesling fruit and delicate acidity reflect the distinctive taste of wines from the Mosel. **Alcohol: 9,5 % vol. / Residual sugar: 27 g/l**

PIESPORTER GOLDTRÖPFCHEN RIESLING – MOSEL

This Riesling wine stems from one of the legendary vineyards located in the sunny slopes of the winding Mosel river. Deinhard's winemaker selects only the very best Rieslings which then deserve to be called Goldtröpfchen – droplets of gold.

Alcohol: 10,5 % vol. / Residual sugar: 30 g/l

HANNS CHRISTOF LIEBFRAUMILCH – RHEINHESSEN

Liebfraumilch originates in the Rheinhessen area where it was first mentioned in the 18th century. This very tasteful wine is a blend of Rivaner, Silvaner and Riesling. A slight floral aroma and a pleasant touch of sweetness provide a soft mellow wine with a delicate fragrance. **Alcohol: 10,0 % vol. / Residual sugar: 26 g/l**
